Oath for Students

- I will pursue my education with dedication and I will excel in it.
- I will plant at least five saplings and shall ensure their growth through constant care.
- I will constantly endeavour to remove the pain of my suffering brethren.
- I will work for becoming an enlightened citizen and make my family righteous.
- I will always be a friend of the mentally and physically challenged and will work hard to make them feel normal, like the rest of us.
- I promise that I will work hard with honesty to transform my country into a developed country.

If India is to become developed by 2020, it will do so only by riding on the shoulders of the young.

Knowledge has always been the prime mover of prosperity and power. The acquisition of knowledge has therefore been the trust area throughout the world and sharing the experience of knowledge is a unique culture of our country

The Song of Youth

“As a young citizen of India,
Armed with technology, knowledge
And love for my nation,
I realize small aim is a crime.
I will work and sweat for great vision,
The vision of transforming India
Into a developed nation,
Powered by economic strength with value system.
I am one of the citizens of a billion,
Only the vision will ignite the billion souls.
It has entered into me,
the ignited soul compared to any resource
is the most powerful resource
On the earth, above the earth and under the earth.
I will keep the lamp of knowledge burning
To achieve the vision – **Developed India.**”

“Books were always my friends
Last more than fifty years
Books gave me dreams
Dreams resulted in missions
Books helped me confidently take up the missions
Books gave me courage at the time of failures
Good books were for me angels
Touch my heart gently at the time
Hence I ask young friends to have books as friends
Books are your good friends.”
